OUR VISION

Empowering Members Through
Knowledge, Information & Association

What is NAWBO?

The National Association of Women Business Owners, founded nationally in 1975, is the voice of America's 10.6 million women-owned businesses. Since then, NAWBO has helped women evolve their businesses by sharing resources and providing a single voice to change economic and public policy. Across the United States, there are approximately 75 active NAWBO Chapters.

Our local Silicon Valley Chapter was founded in 1988 and over the years has supported local women business owners by providing networking opportunities, resources, information, and educational seminars. NAWBO truly makes the difference in how women CEOs run their business today and how new CEOs will lead their businesses tomorrow.
